RE: Detect & Protect, Inc.

To Whom It May Concern:

I have had the privilege of utilizing the services of *DETECT & PROTECT, INC., Drug & Alcohol Testing Center* since the creation of the company in 2006. Our company, Allan Vigil Ford, requires thorough drug screen on each new hire. Our policy is to send the prospective employee to Detect & Protect the same day he/she applies for the job. There have been many times that I have had to send someone after hours, and the staff of Detect & Protect “happily” stayed late and completed the test (including sending the results immediately).

It is also our policy to have current employees drug tested if we witness erratic behavior. Detect & Protect, Inc. not ONLY takes your employee without notice, but Lane Barfield, Owner/President of Detect and Protect, Inc., uses her extensive counseling skills to actually talk to the employee and help them understand the root of their problem, while assisting them to the road to recovery.

I have had the opportunity to work with other vendors in the past and have never seen the professionalism and dedication to one’s work, as seen with Lane and her staff of Detect and Protect!

When my monthly bills come from all of our vendors, I pay Detect & Protect, Inc. FIRST! I want to make sure that they know how much we appreciate their hard work for us because I know we certainly appreciate them!

Cordially,
